

# SECURITY INDUSTRY TRANSFORMATION MAP

The security industry plays an important role in the safety and security of Singapore. With the heightened security threat from terrorism and increase in number of buildings and facilities in Singapore, the demand for security services is set to increase.

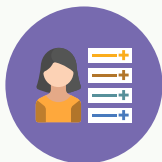

## VISION

Transform companies from supplying manpower to delivering integrated security solutions.

## PILLARS OF TRANSFORMATION

### JOBS & SKILLS

Support career development and training through the Skills Framework

Introduce Specialist Diploma in Security Consultancy

Revamp the assessment criteria for Security Agencies Grading Exercise to encourage investment in training and technology

### PRODUCTIVITY

Promote broad-based adoption of market-ready solutions amongst companies new to technologies

Provide funding support for buyers through Smart Sourcing Initiative and Security Productivity Initiative

### INNOVATION

Support industry-led pilot projects with the potential to uplift the industry

Enable buyers to partner security agencies and tech companies to co-develop innovative solutions
